

Tax Assist Accountants, Plymouth

Scope Refurbishment & furniture supply
Sector Financial
Size 600 sq ft

Overview Ceiling and lighting design, flooring, partitions & furniture supply

Tax Assist were looking for an interiors company that would design, supply and manage the full refurbishment of their high profile new premises at Bretonside in Plymouth. The site had a low ceiling and we proposed lifting the central areas and installing uplighters to create a more comfortable working environment.

Working within the corporate branding guidelines we completed the project within a strict time scale and on budget.
