

ATASS Group, Exeter

Scope Space planning & furniture supply
Sector Commercial
Size 40,000 sq ft

Overview Space planning, furniture specification and supply for offices, breakout areas, meeting rooms and training rooms

Designed by Broadway Malyan architects and occupying a prestigious gateway site in Exeter, the state of the art Oxygen House achieved BREEAM 'excellent' rating at design stage, and was completed in February 2012.

Statistical Research company ATASS Sports chose Karris Ltd to supply furniture for their offices, breakout areas and meeting rooms, and working closely with ADG Architects provided a final design that impresses and inspires both customers and staff.
