

# GA Solicitors, Plymouth

**Scope** Refurbishment & furniture supply  
**Sector** Legal  
**Size** 20,000 sq ft

**Overview** Full refurbishment, interior design & furniture supply

The final stage of this phased project required a completely new approach. Whilst the professional and corporate image extended to all working areas, Karris proposed an entirely different colour scheme for the staff breakout area. This gives a clear division between two important areas of normal working life. The only branding on display incorporates all of the GA departmental colours on acrylic panels. This area has already proved to be a success, and has attracted very complimentary comments from the staff.
